Please ensure you acknowledge the BRC in your publications. NIHR Great Ormond Street Hospital Biomedical Research Centre (BRC) has provided important infrastructure funding for research at the Great Ormond Street Institute of Child Health (ICH) and Great Ormond Street Hospital (GOSH), since we were first awarded BRC-status in 2007. This research infrastructure contributes to all research that goes on at the ICH and GOSH, and it is very important that it is acknowledged in all our publications, including conference and meeting abstracts. Full details of how to acknowledge the BRC can be found [here](#).
