NIHR GOSH BRC Funding

All new research applications must be registered with R&D at **least 15 days before the funder deadline**. R&D office is closed and all staff are working remotely or across various parts in the Trust. Please contact relevant teams by email if you require support.

## HIGHLIGHTED FUNDING OPPORTUNITIES

### [Starter Grants for Clinical Lecturers](#)

**Deadline: 8 March 2021**

Up to £30,000 for 1-2 years covering research costs to support Clinical Lecturers to advance their research and apply for longer-term fellowships and funding.

## NIHR | National Institute for Health Research

### [HEE/NIHR ICA Pre-doctoral Clinical Academic Fellowship \(PCAF\)](#)

**Deadline: 8 March 2021**

Funding to support the submission of a doctoral fellowship application. Costs cover salary for 12 months (or part-time equivalent) as well as Masters level training, conferences, and supervision costs.

### [Pre-doctoral Fellowship](#)

**Deadline: 25 March 2021**

Funding to support individuals to start/advance a career in health and social care research methodology. Applicants should either have completed or are about to complete their undergraduate degree in a relevant subject or already hold a master's degree (or currently undertaking one) in relevant subject areas.

LifeArc

### [Translational Research Accelerator Grants 2021](#)

**Deadline: 14 April 2021 (outline)**

A total of £1M available to fund a small number of translational projects for up to 3 years in duration.

The scheme is designed to support applications on the translational pathway with the expectation that researchers will continue to develop their therapy/ diagnostic after GOSH charity/LifeArc funding, either by securing further funding from external translational schemes (from funders such as the Medical Research Council, National Institute for Health Research, Innovate UK and others), or partnering with/ licensing to industry.

### **WEBINAR: [Information webinar](#)**

**Thursday 25 February, 13:30-15:00**

To provide more information about this funding opportunity, a briefing webinar will take place on 25th February and will include representation from LifeArc, the Chair of the GOSH Charity Research Assessment Panel, the UCL TRO and the Joint R&D Office.

### [Olivia Hodson Cancer Fund Funding 2021](#)

**Deadline: 9 April 2021**

Funding for research and clinical advancements within the departments of Oncology, Haematology and Bone Marrow Transplant at GOSH. Funding is available for larger grants (£20,000 max) and smaller pump-priming grants (£1,000-5,000). Applications should be emailed to Anne Anton at [ich.dbc.admin@ucl.ac.uk](mailto:ich.dbc.admin@ucl.ac.uk).

### **PRE-ANNOUNCEMENT: [Nurse-led improvement projects in digital health](#)**

Grants £25,000-£50,000 for nurse-led improvement

projects in digital health. Full details and eligibility information will be provided at a **WEBINAR, which prospective applicants must register for and attend**. Deadline to register is **5 March 2021**.

The three specific areas of digital health for stage one are:

- Cohort 1 - data, data analytics, digital nurse standards and patient safety.
- Cohort 2 - leadership in digital health, digital from ward to board and expanding the role of digital nurse leaders.
- Cohort 3 - patient-centred digital health improvement projects.

### [Policy-related Small COVID-19 research grants](#)

**Deadline: 18 February 2021**

Small grant (up to £15,000 for 12 months) is available for projects aimed at rapidly delivering evidence to support policy and research teams at Marie Curie exploring "Impact of COVID 19 on place of death projections across the UK".

### [Little Princess Trust Project Grants](#)

**Deadline: 17 March 2021**

Grants to support research into cancers affecting children, teenagers and young adults that will lead to kinder, more targeted, less toxic and more effective treatments and have a direct impact on the outcomes of children and young people. Grants of £15,000 to £200,000 are available for small projects, pilot studies and larger projects with a maximum duration of 36 months.

### [Health Systems Research Initiative \(HSRI\) foundation grant](#)

**Deadline: 26 May 2021**

Funding for research to improve health systems in LMICs up to 2 years in duration covering research costs at 74% FEC (UK).

### [Interventions to reduce antibiotic resistance or transmission](#)

**Deadline: 16 March 2021**

Funding of £50k-0.5M for 3 years for projects to develop or test interventions to reduce the transmission of antibiotic resistance. You must apply as part of a transnational consortium of 3-7 partners.

Your project must aim to either: understand the impact of interventions; or design, test or compare new interventions.

For consortium set-up, please see [full opportunity details on the JPIAMR website](#).

### **PRE-ANNOUNCEMENT: [Sneak peek of Health Foundation funding and opportunities in 2021](#)**

Take a look at the key funding opportunities in 2021, including [Research call on emotional support for young people](#); [Funding call for REAL Centre research units](#); [Research call on AI, data-driven technologies and ethnic minorities](#)

## ANNOUNCEMENTS, NEWS, EVENTS

### **CAREER DEVELOPMENT: [RCPCH Trainee Research Network](#)**

This network will support paediatric trainees interested in research through facilitation of opportunities to carry out child health research, provide peer support and guidance.

### **WEBINAR: [Cancer Grand Challenges Pre-application webinar](#)**

CGC held a virtual event to introduce the funding opportunity. It also includes a Q&A session, covering everything from who is eligible to apply to IP ownership of outputs. For funding opportunity details, please [visit CGC website](#). Application deadline is 22 April 2021 (outline).

**Please acknowledge the BRC in your publications!** NIHR GOSH Biomedical Research Centre has provided important infrastructure funding for research at the GOS ICH and GOSH, since we were first awarded BRC-status in 2007. This research infrastructure contributes to all research that goes on at the ICH and GOSH, and it is very important that it is acknowledged in all our publications, including conference and meeting abstracts. Full details of how to acknowledge the BRC can be found [here](#).
