

## Comical Creatures

A creative idea from GOSH resident artist Abigail Hunt

Included in this document are some comic pages you can print out and fill in with a story about what these strange and wonderful new creatures are saying and thinking.

You can either add to these pages or make your own from scratch using drawings or collage. If you want to, have a look at the 'What do you get if you cross a Frog with a Crow?' activity or the 'Cut it Out' activity on the GOSH Arts downloads pages – these will give you some animal images to use as a starting point.

Will your creatures say funny or silly things or are they trying to sort out a problem or help someone? Don't worry there are no rules to this – your ideas might be funny, silly or factual.

Don't forget to share your stories with other people. You could even get your finished comic strips photocopied so you can give them out to your friends and family.
