Dear Sir/Madam,

Thank you for your request for information processed under the Freedom of Information Act 2000. Please see our response to your following request for information:

Your Request

I have the following national figure - amongst the five broad ethnic groups, known rates of detention for the 'Black or Black British' group (306.8 detentions per 100,000 population) were over four times those of the White group (72.9 per 100,000 population).

I'm looking at mental health and how it's treated at a local level. I would like to know the rate and percentage of detention, seclusion and diagnosis as psychosis for all BAME groups (including those mentioned below) compared to white patients for the Trust, in 2018/2019

White - English/Welsh/Scottish/Northern Irish/British White - Irish White - Other Mixed - White & Black Caribbean Mixed - White & Black African Mixed - White & Asian Any other mixed / multiple ethnic background Asian / Asian British - Indian Asian or Asian British - Pakistani Asian or Asian British - Bangladeshi Asian or Asian British - Any other background Black / Black British - Caribbean Black / Black British - African Black / Black British - Other Asian / Asian British - Chinese Any other Ethnic Group White - Gypsy or Irish Traveller Arab
