Dear Sir/Madam,

Thank you for your request for information processed under the Freedom of Information Act 2000. Please see our response to your following request for information:

**Your Request and Our Response (in Bold)**

1. How many medical staff were working with tight-fitting respiratory protective equipment in February 2020, March 2020, April 2020 and May 2020? Please give the numbers broken down by the months; and, if it is possible, please break it down by type of staff member (nurse, doctor, etc) and setting. If it is possible, please separate out those working in Covid-affected environments (I do not know if you hold a separate register for Covid and non-Covid).

2. How many of the medical staff working with tight-fitting respiratory protective equipment in Covid-affected environments were fit-tested for that equipment in February 2020, March 2020, April 2020 and May 2020? Please give the numbers broken down by the months; and, if it is possible, please break it down by type of staff member (nurse, doctor, etc) and setting. Again, if it is possible, please separate out those working in Covid-affected environments.

If the data is sensitive enough to show where the same staff were fit-tested multiple times, please include that information.

3. Do you collect data on medical staff working with tight-fitting respiratory protective equipment being fit-tested when they change brand/type of RPE? If so, please give the figures for Feb, March, April and May 2020 as above.

**The information requested is not recorded on our database therefore, information is not held.**

4. Do you track the ethnicity of the staff member with this data? If so, please give the ethnicity breakdowns for the above data for all questions.

**We do not record the ethnicity of staff members on our database therefore, information is not held. However we FIT test all staff who perform Aerosol generating procedures (AGP).**

**Please note**

The information we have provided under the Freedom of Information Act 2000 is the information held on the date your request was received by the Trust.

We hope the information provided is sufficient and helpful in answering your questions, issues or concerns. Should you have any further queries in relation to this request, please do not hesitate to contact the FOI Team and quote the above reference number on any related correspondence.
